## Facilities Update

AC is coming!!! As you all know we were gifted money to put AC in the church, but electrical wiring must be upgraded first. *We are waiting for project approval from the Diocese.* Architectural and engineering work is nearly complete and the asbestos removal and surveying work is completed. Within the next months you should begin seeing the beginning steps of that project as well as the new ADA bathroom project. A lot of planning has gone into preparing for the work. Stay tuned as Father Kropac will give weekly updates.
