Family Perspectives

When we forgive someone we choose not to hold a grudge against them. When we reconcile, we move to a new plateau in our relationship where the needs of all parties are heard and respected. We can forgive without speaking, but reconciling is more difficult for we must involve the one who has hurt us and rebuild trust.

Collection

The collection for September 10th was \$2042. As always, thank you to those who sacrifice to contribute to our parish.
